COMMON QUESTIONS:

WHAT TO WEAR? People fish in tennis shoes, hiking boots, rubber boots, tee shirts, sweaters, jackets, etc. Dress in layers and bring weather proof boots/raingear to stay dry if it's raining. There is an inside cabin to get out of the environment, so dress smart and comfortable.

WHAT TO TIP? Well, if you ask the crew, they'll say "tip till it hurts". Lol.....just kidding. The Charter Fishing is just like the regular service industry, of 15% to 20%. This crew works **really hard** at baiting your hooks, netting your fish, asking if you want pictures before they clean your fish and taking care of you. An appropriate tip is, each fisherman to tip \$20 to \$25+

CAN I BRING A COOLER? Yes, a small cooler for anything you want drink/eat. Our fish bags will be adequate to transport your catch. We ask that all packs and coolers be stored below.

HOW MANY FISH CAN I KEEP?

Silver Salmon: 6 Silver Salmon inside the bay or 3 if outside the Bay. Where we fish that day depends on where the fish are.

Halibut: We don't target Halibut but do catch them. Limit is two halibut with specific guidelines on length and the crew will give details on board. Also no Halibut are allowed on Wednesdays and certain Tuesdays in late July/early August 2017.

Rockfish, Ling Cod, Yellow Eye: Limit is 4 rock fish. Crew will give details on other species while onboard due to regulations on fishing location.
